# Together We Thrive

**Message from Shri R.K.Menon, Chairman**

We devote ourselves with meticulous attention to meet customer needs. The equipment we manufacture and supply, are reliable and quality workmanship to meet the customers varied and special needs and we are attentive to the design parameters in each equipment supplied. We have been thus able to cater to the needs of our esteemed customers during the past several years and to win approbations and acclamations from them. We never refrain from promptly attending to the post-supply care and follow-up check-ups that might arise for the equipment we have designed, manufactured and supplied. Customer satisfaction in all aspects is an inalienable feature of our service. I am sure my son Dr. Narayanan R Menon would take this forward with our new division in UAE.
